

Coming Soon *The 2008 Edition*

COMMERCIAL MARINE DIRECTORY

THE FISHERMAN'S PHONE BOOK

Commercial Marine Business to Business Resource

2007 Edition

An invitation to advertise in the
Commercial Marine Directory

*The publishers of **Commercial Fisheries News** bring you the complete guide to companies doing business in the North Atlantic's Fishing Industry.*

We would like to offer you the opportunity to advertise your company in the upcoming 2008 edition of the **Commercial Marine Directory**. You may be familiar with the Marine Directory as the premier industry desktop reference and industry phone book.

The directory will be sent to all Commercial Fisheries News subscribers in the first few months of 2008, then it will be handed out free throughout this next year at regional trade shows and marine events in the Northeast.

All marine businesses get listed, BUT when you place a display ad you will also receive **six bold cross-referenced listings** in the Marine Directory yellow page section at no additional charge.

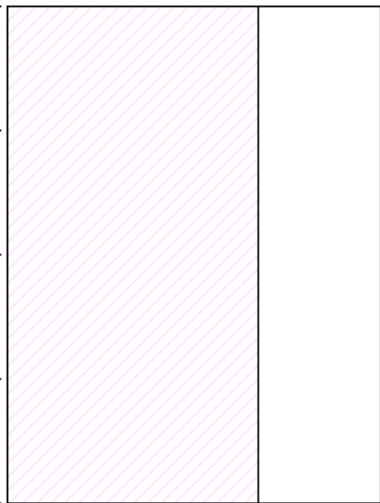

Current Commercial Fisheries News advertisers can apply their frequency and other earned discounts to any advertising placed in the Commercial Marine Directory. Our graphics department will rebuild your ad to fit the Directory's standard magazine-size format at no additional charge.

Ad deadline is December 3.

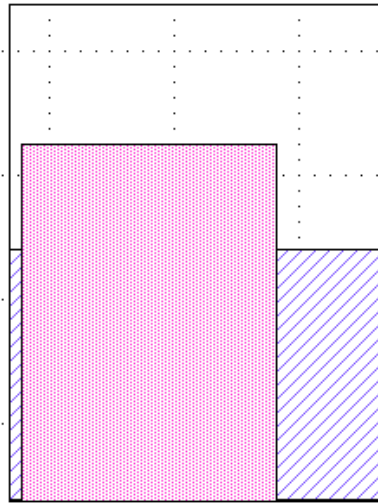

If you have any questions, please contact Leslie Carr at 1-800-989-5253, or email lcarr@fish-news.com.

An invitation to be listed in the
Commercial Marine Directory

The complete guide to companies doing business in the North Atlantic's Commercial Fishing, Aquaculture, Maritime, Seafood, Ports and Work Boat Industries.

We would like to offer you the opportunity to have your business listed in the upcoming edition of the Commercial Marine Directory. You may be familiar with the Marine Directory as the premier industry desktop reference and industry phone book. The 2008 directory is shaping up to be even better.

Distribution will be as a supplement to Commercial Fisheries News in the first few months of 2008 then throughout this next year at regional trade shows and marine events taking place here in the Northeast. The directory will be free to all fishermen, professional mariners, aquaculturists, state government and port officials, work boat owners and operators, and seafood buyers and processors.
