

# STONINGTON RACES: Sunday, July 13

## DIRECTIONS:

From points west: Route 1 north to Route 15 in Orland. Follow Route 15 over the Sedgwick-Deer Isle Bridge and through Deer Isle to downtown Stonington.

From points east: Route 1 south to Ellsworth. Take Route 172 to Route 15 in Blue Hill. Follow Route 15 over the Sedgwick-Deer Isle Bridge and through Deer Isle to downtown Stonington.

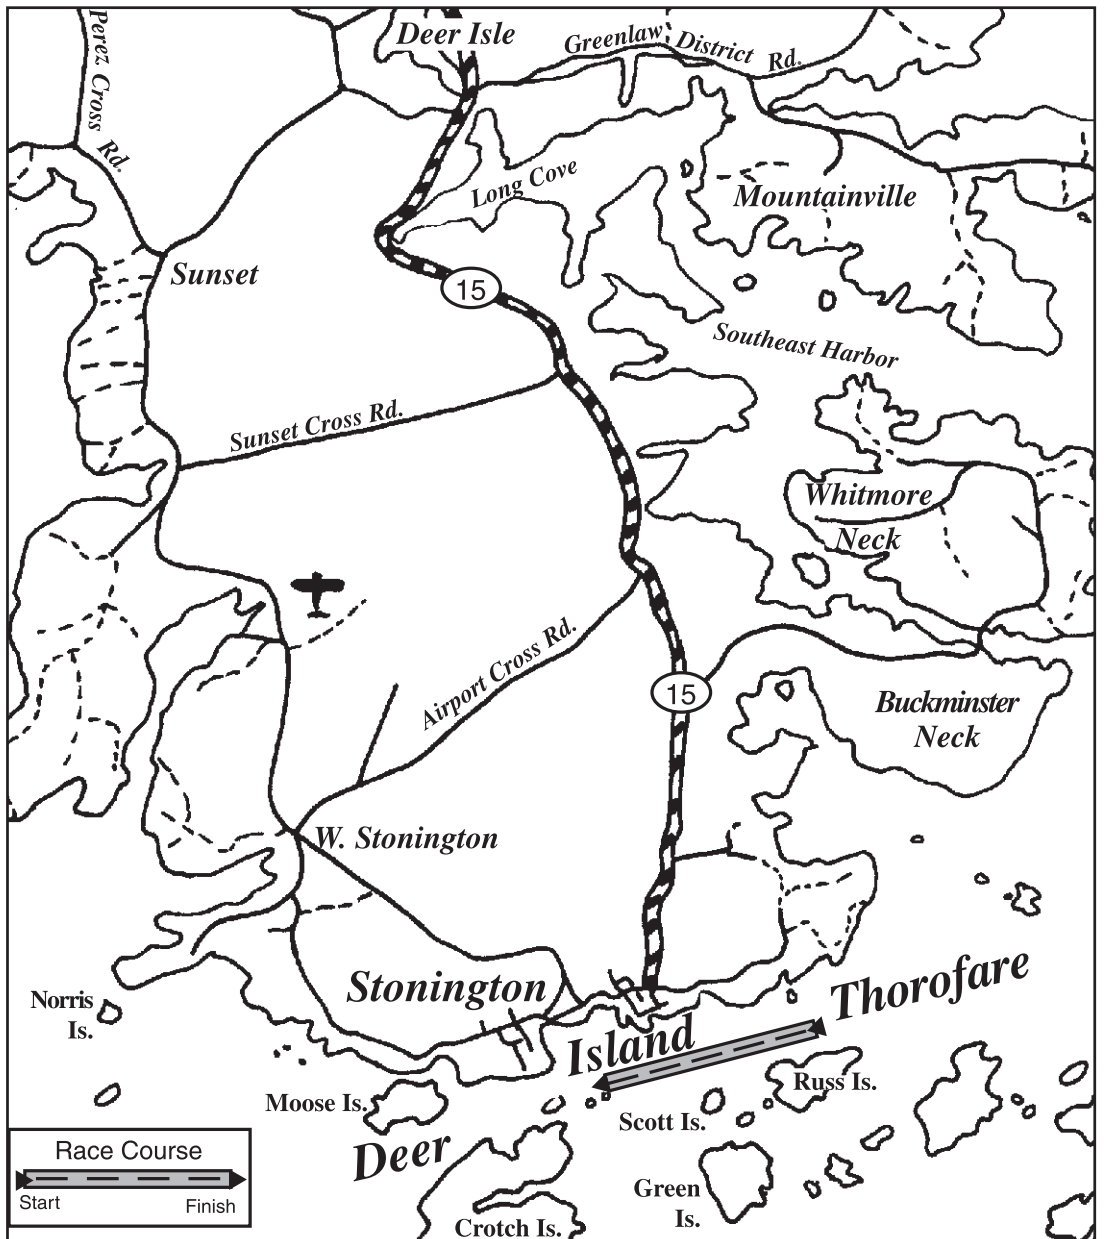

## ABOUT THE RACES:

After a one-year hiatus following the 2005 retirement of veteran Stonington race organizers Jeff Eaton and Gary Eaton, the races returned with a bang to Deer Isle Thorofare last summer, capping off the back side of a double header racing weekend with Searsport.

Stonington native Nick Wiberg, no stranger to the local racing crowd, heads up a top-notch committee whose races live up to the standards racers expect. Timing and location are in Wiberg's favor; Stonington traditionally is one of the busiest stops on the circuit, drawing competitors from ports to the east and west while turning out a strong showing of local boats, as well.

Efficient management and a great prize package add to the allure of Stonington. Last year's competitors were treated to cash prizes for first, second, and third place finishes in all classes plus a shot at terrific hat prizes that included two grand awards of \$1,000 each.
